

I'm writing in regard to replacing FM translator-stations with LPFM stations. One of these stations, K-LOVE, is a listener-supported station made significantly better by the combined support of listeners across the country. K-LOVE is an important part of my daily routine and spiritual life. K-Love has only recently expanded into the Austin area, and I have heard from many people what a positive effect it is having in their lives. Losing the station would negatively impact the community by taking away the best Christian station (by far) to which the community has access. K-Love serves the public interest by delivering a positive message, and being one of very few stations families can listen to, knowing what is going to be said will be appropriate for young listeners. Thank you for taking the time to listen to the people you represent.
